

HEALTH AND SAFETY TIPS

From School Resource Officer Tony Auch

If you did not get the chance to join us at our Principal Coffee , we did not want you to miss these valuable resources.

There were many questions regarding school safety and protocols. These resources also dives into social media, suicide, drills, and mental health issues.

A Parent's Guide to School Safety Toolkit | Texas School Safety Center - Texas State University

The Texas School Safety Center understands that school safety is a primary concern for parents and guardians. A Parent's Guide to School Safety introduces key school safety topics, highlights relevant Texas laws, and provides specific information that you and your child need to know.

Bullying and Sexting called "Before You Text." This course addresses bullying and sexting, and addresses the legal, social, emotional, educational, and career impact of these activities. Due to the content of this course, this course is recommended only for those 12 years of age and older. The course is designed for children to review but it is also good information for a parent so they can discuss this topic with their child.
